Plain English (or layman's terms) is language that is clear and concise. It avoids complex vocabulary. It is free of clichés and needless technical jargon, and should be appropriate to the audience's developmental or educational level and their familiarity with the topic. The term is commonly used when discussing government or business communication.

The Federal Reserve Banks are not a part of the federal government, but they exist because of an act of Congress. Their purpose is to serve the public. So is the Fed private or public? The answer is both. While the Board of Governors is an independent government agency, the Federal Reserve Banks are set up like private corporations.
