Hi Shannon\_InTexas, Welcome to Microsoft answers. You may have to change some settings on the computer to allow for the Remote Desktop Connection.

### Remote Desktop Connection - already have a console session

you need to find the brand and model of the wireless device, then go to the manufacture's website and get the driver. Start in control panel then device manager.

### ERR\_CONNECTION\_RESET error on Chrome | Tom's Hardware Forum

We have a system that uses an Oracle database. I've been asked if the system makes use of connection pooling which I'm not sure about. We are using the Oracle.DataAccess.Client.OracleConnection. When reading up on the subject I've found that connection pooling is set to true in the connection string and that it is set to true by default.
