But there's a problem with both of these theories. Plants and microorganisms, otherwise known as "things without brains," have dormant states that are very similar to sleep, which kind of puts doubt on the whole "sleep is good for the brain" theory. Then there's the fact that scientists have found certain humans who can go without sleep with no ill effects.

I always use soy milk to make my vegan mayonnaise because it has a similar consistency to cow's milk, which it's also used to make mayo, instead of using eggs. I prefer to use non refined sunflower oil, but you can use other types of oils if you want. I also tried to make this recipe using extra virgin olive oil and it worked as well, but it has a strong flavor, that's why I prefer to ...
