EPISODE GUIDE. In the Womb: Cats. The cat family is one of the most successful animal groups. They naturally occur on every continent except Australia and Antarctica, and come in all shapes and sizes; from the small, harmless house-cat, to the King of Beasts, the lion, to the fastest animal on land, the cheetah.

### **About In the Womb Show - National Geographic Channel**

Studies of the Fetus in the Womb are two colored annotated sketches by Leonardo da Vinci made in around 1511. The studies correctly depict the human fetus in its proper position inside a dissected uterus. Da Vinci depicted the uterus with one chamber, in contrast to theories that the uterus had multiple chambers which many believed divided fetuses into separate compartments in the case of twins.
