Food security is a measure of the availability of food and individuals' accessibility to it, where accessibility includes affordability. There is evidence of food security being a concern over 10,000 years ago, with central authorities in ancient China and ancient Egypt being known to release food from storage in times of famine. At the 1974 World Food Conference the term "food security" was ...

The Mark of the Beast is predicted in the Bible to be symbol of allegiance that the Antichrist and the Final World Empire will require of every man, woman, and child.

### **Mark of the Beast - End Times Truth**

The CookieStore saves the session hash directly in a cookie on the client-side. The server retrieves the session hash from the cookie and eliminates the need for a session ID. That will greatly increase the speed of the application, but it is a controversial storage option and you have to think about the security implications and storage limitations of it:
