PREFACE This work began as a collaborative attempt with David Halliday to revise and update the second edition of his classic text *Introductory Nuclear Physics* (New York: Wiley, 1955). As the project evolved, it became clear that, owing to other commitments, Professor Halliday would be able to devote only limited time to

INTRODUCTORY NUCLEAR PHYSICS - KFUPM

Just finished a nuclear physics course where we used Krane and got to chapter 11. Overall it is a very good book and detailed. My biggest problem was with answering some of the questions because often for the rate that the course was going, I would spend too much time trying to determine what the question was asking or wanting.
