STATUS: Endangered. DESCRIPTION: About the size of the common cardinal, the red-cockaded woodpecker is approximately 7 inches long (18 to 20 centimeters), with a wingspan of about 15 inches (35 to 38 centimeters). Its back is barred with black and white horizontal stripes. The red-cockaded woodpecker's most distinguishing feature is a black cap and nape that encircle large white cheek patches.

An oligotroph is an organism that can live in an environment that offers very low levels of nutrients. They may be contrasted with copiotrophs, which prefer nutritionally rich environments. Oligotrophs are characterized by slow growth, low rates of metabolism, and generally low population density. The adjective oligotrophic may be used to refer to environments that offer little to sustain life ...

A Lionfish for Any Tank? The very popular Volitans lionfish is considered the ultimate lionfish by most marine aquarists, and other members of this genus, such as the Antennata and Radiata, lionfish are frequently found at local fish stores. As adult fish, they are considered medium sized (10-15" long with tail) and, while they are relatively inactive swimmers, they still must be housed in a ...

A wetland is a distinct ecosystem that is inundated by water, either permanently or seasonally, where oxygen-free processes prevail. The primary factor that distinguishes wetlands from other land forms or water bodies is the characteristic vegetation of aquatic plants, adapted to the unique hydric soil. Wetlands play a number of functions, including water purification, water storage, processing ...

By Richard Lunsford with assistance from Phil. Peak in Louisville & Tom C. Hi. It's a question lots of people ask. If you're asking it, congratulations!

Articles: How to Choose Your Best Beginner Turtle?

One of my earliest memories of visiting my grandparents' farm was playing on the dry stone wall, tossing stones around and just generally fooling around. Then, looking down, I came across a small seedling sticking out the side of the wall, growing in nothing, with barely any soil between the stones. Out of childish curiosity [...]
