I Fixed-Size Data. Every programming language comes with a language of data and a language of operations on data. The first language always provides some forms of atomic data; to represent the variety of information in the real world as data, a programmer must learn to compose basic data and to describe such compositions.

Because my robot's control system runs on a LabVIEW real-time machine, I have no recourse but to add new features in LabVIEW. Oh, I tried coding new stuff in C++ on another computer and streaming information via UDP over gigabit, but alas, additional latencies of just a few milliseconds are enough to make significant differences in performance when your control loop runs at 2 kHz.

Why I detest LabVIEW - Brian C. Becker

Continuous improvement programs are sprouting up all over as organizations strive to better themselves and gain an edge. The topic list is long and varied, and sometimes it seems as though a ...

What are the Practice Questions? I created the Practice Questions for the same reasons I created the Videos and 5-a-days, I really hate duplicating work!! With 30 32 35 years (at the moment) left teaching, I wanted to save myself (and hopefully other colleagues) time in the future. Every time I held a revision lesson, revision session or provided students with past paper questions on a ...

The general aim of the proposal Tangram piloted in Slovakia was to make the teacher trainees think of the importance that problem activities of measuring can bring into the mathematics formation of the pupils. We used the game of Tangram in seminars for the teacher trainees in their preparation for teaching static and metric geometry to pupils aged 11–14, that is, at lower secondary school.

TANGRAM IN MATHEMATICS - unipi.it

In order to do this, the literature review has been organized around the general instructional analysis, design, development, implementation, and evaluation model (Romiszowski, 1981, 1996), also often referred to as a "Systems Approach." (An outline of this approach is presented in the Appendix to this article.)
