Human sexuality is the way people experience and express themselves sexually. This involves biological, erotic, physical, emotional, social, or spiritual feelings and behaviors. Because it is a broad term, which has varied over time, it lacks a precise definition. The biological and physical aspects of sexuality largely concern the human reproductive functions, including the human sexual ...

A Treatise of Human Nature (1738-40) is a book by Scottish philosopher David Hume, considered by many to be Hume's most important work and one of the most influential works in the history of philosophy. The Treatise is a classic statement of philosophical empiricism, skepticism, and naturalism. In the introduction Hume presents the idea of placing all science and philosophy on a novel ...

In this course we will investigate what causes inequality between women and men. How does it arise, why does it take different forms, why does it vary in degree across societies, what are the components that add up to gender inequality, how do various institutions and practices contribute to it, and how does it change?

The side of a ship on which it was laden (that is loaded) was called the ladeboard, but its opposite, starboard, influenced a change in pronunciation to larboard. Then, because larboard was likely to be confused with starboard because of their similarity of sound, it was generally replaced by port.

Part 1 of the Beginning And End Nephilim Series. In our original article on the Nephilim, we detailed the Biblical origin of the half-angelic, half-human hybrid giants, known as Nephilim, who were the product of illicit relations between evil fallen angels and human women in the time before the Flood and Noah's Ark. The flood wiped out the giants but shortly after the flood they returned and ...
