Services marketing is a specialised branch of marketing. Services marketing emerged as a separate field of study in the early 1980s, following the recognition that the unique characteristics of services required different strategies compared with the marketing of physical goods.. Services marketing typically refers to both business to consumer (B2C) and business-to-business (B2B) services, and ...

Taken together, these seven areas have big implications for how – even whether – we are able to address global challenges. Positive developments abound, but the deep shifts in mindset and attitudes represented by the rise of nationalism, the growth of consumerism or the emergence of the 'onlife' are pushing in the opposite direction.
