Services. NSF International offers an integrated holistic solution to help businesses combat the risk of food fraud in their supply chains. We recognize that food fraud is not just a food safety issue for technical and quality functions; it is a complex commercial and supply chain issue.

Food Fraud Solutions - NSF International

As electronic payments have grown, so has their use across national borders. To ensure that cross-border payments are both efficient and secure, Nacha worked with the Office of Foreign Assets Control (OFAC) to develop a new ACH format that includes information on all parties to the transactions. This format allows RDFIs to easily comply with the Rules and streamline international payments.

International ACH Transactions (IATs) | Nacha

A Glass Partner, EyeSucceed offers innovative solutions to food industry challenges like labor costs, food safety, employee turn-over and training.

EyeSucceed - SmartGlass Solutions

The water industry provides drinking water and wastewater services (including sewage treatment) to residential, commercial, and industrial sectors of the economy. Typically public utilities operate water supply networks. The water industry does not include manufacturers and suppliers of bottled water, which is part of the beverage production and belongs to the food sector.
