4. Use Objective Criteria. This isn't just "setting out the facts," as different underlying needs, interests, opinions, and goals can cause people to interpret facts differently, or cause you to select only those facts that support your position .. For example, during an interdepartmental negotiation in your company about the launch date of a new product, you become convinced that rushing it ...

Other collaborative online encyclopedias were attempted before Wikipedia, but none were as successful. Wikipedia began as a complementary project for Nupedia, a free online English-language encyclopedia project whose articles were written by experts and reviewed under a formal process. It was founded on March 9, 2000, under the ownership of Bomis, a web portal company.
