A worksheet, in the word's original meaning, is a sheet of paper on which one performs work. They come in many forms, most commonly associated with children's school work assignments, tax forms, and accounting or other business environments.

Worksheet - Wikipedia

A simple equation, Pythagorean Theorem states that the square of the hypotenuse (the side opposite to the right angle triangle) is equal to the sum of the other two sides. Following is how the Pythagorean equation is written: $a^2 + b^2 = c^2$. In the aforementioned equation, c is the length of the hypotenuse while the length of the other two sides of the triangle are represented by b and a .
