Rowing Service - Noticeboard

The main purpose of this review is to recall for investigators - and in particular students -, some of the early data and concepts in molecular genetics and biology that are rarely cited in the current literature and are thus invariably overlooked.

Primary transcripts: From the discovery of RNA processing ...

From his review of the friendship literature, Hays (1988) concluded that friendships are relatively slow to develop. Once developed, it is often assumed that Companionate Love is stable. For example, after stating that the Storge subscale of the LAS measures an individual's love style of merging friendship and love, Hendrick & Hendrick (1986) comment: "There is no fire in storgic love; it is ...
