As ESL teachers, we've all had those students who do great on their grammar exams, speak up confidently in class, and are always first to raise their hands for activities - and yet, when it comes time for a writing assignment, they can barely squeeze out a few short sentences. This can be frustrating for the student and teacher alike - but it's the symptom of a problem that's well-known ...

After decades of searching for answers, I was diagnosed with Histamine Intolerance (HIT) and told long term elimination of healthy foods was the only answer. My symptoms did get better for a little while, then intensified, till I was left with only four or five "safe" foods. I never knew how food was going to affect me, and one day I said "enough is enough" and used my decade of ...
