In positive psychology, a flow state, also known colloquially as being in the zone, is the mental state of operation in which a person performing an activity is fully immersed in a feeling of energized focus, full involvement, and enjoyment in the process of the activity. In essence, flow is characterized by complete absorption in what one does, and a resulting loss in one's sense of space and ...

III. Mysticism and Psychology. We come now to consider the mental apparatus which is at the disposal of the self: to ask what it can tell us of the method by which she may escape from the prison of the sense-world, transcend its rhythm, and attain knowledge of—or conscious contact with—a supra-sensible Reality. We have seen the normal self shut within that prison, and making, by the help ...
