VCAA's Exam Assessment Report for Further, Methods, Specialist and Physics will often provide little or no solution pathway. VCAA tends to only supply the correct solution without any method. They expect students to understand how this answer was derived or to consult a teacher. Students, however, can also use itute's supplementary VCAA solutions that provide...

Itute's solution is identical with the same subtle mistakes. BTW. Here's what the graph should look like (See attachment). Note the two small discrepancies: 1. The location of the maximum should be at  $x=\sqrt{2}$  instead of  $x=1$  as shown in both Terry's and Itute's soln. 2. The general scaling on the x axis is off.
