Economics (/ ɛ k ə ' n ɒ m i k s, i: k ə -/) is the social science that studies the production, distribution,

and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions, and the outcomes of interactions.

### **Economics - Wikipedia**

A Master of Engineering or Master of Science in Engineering can take one of two forms: an academic degree, or a professional degree emphasizing skills and practical analysis over the former's theory and research. The types of engineering degree available to you will partly be determined by the country and the institution in which you have chosen to study.
