Neurological bases. Consistent with hemispheric lateralization, there is evidence to suggest that the left and right hemispheres of the brain are responsible for different components of musical memory. By studying the learning curves of patients who have had damage to either their left or right medial temporal lobes, Wilson & Saling (2008) found hemispheric differences in the contributions of ...

Another activity to improve photographic memory is the Mandala, where the children will be shown a mandala symbol and they have to memorise the different colours by seeing it for a few seconds, fill in the colours accordingly with crayons and then learn how to draw it. I have to tell you that this is very tough and Ariel can rarely remember all of the colours, much less draw the puzzle on her ...

The First Scholars Such are the settings in which the first Indologists first appeared. Sir William Jones, the first British to master Sanskrit and study the Vedas, drew fire from the eminent British historian James Mill, author of History of India, for his "hypothesis of a high state of civilization". Typically, Mill believed that the: "The people of India were never advanced and that they ...
