The first asteroid to be discovered, Ceres, was originally considered to be a new planet. This was followed by the discovery of other similar bodies, which, with the equipment of the time, appeared to be points of light, like stars, showing little or no planetary disc, though readily distinguishable from stars due to their apparent motions.

The Batman Family enemies are a collection of fictional supervillains appearing in American comic books published by DC Comics. These characters are depicted as adversaries of the superhero Batman and his allies.. Since Batman first appeared in Detective Comics #27 (May 1939), his supporting cast has expanded to include other superheroes, and has become what is now called the "Batman Family".

Does science lead us down a road that ends in the naturalistic explanation of everything we see? In the nineteenth century, it certainly looked as though science was going in that direction. The "God of the gaps" was finding himself in a narrower and narrower niche. However, 20 th century and now 21 ...
