Algebra (from Arabic "al-jabr", literally meaning "reunion of broken parts") is one of the broad parts of mathematics, together with number theory, geometry and analysis. In its most general form, algebra is the study of mathematical symbols and the rules for manipulating these symbols; it is a unifying thread of almost all of mathematics. It includes everything from elementary equation solving ...

Students must be taught to write and then be expected to write for a variety of purposes to a variety of audiences, including in mathematics, science, and social studies. As part of building the writing prowess of students, they must write routinely, both short and long pieces. As part of a comprehensive writing curriculum, students' writing fluency should be fostered,
