Text mining is an emerging topic that advances the review of academic literature. This paper presents a preliminary study on how to review solar irradiance and photovoltaic (PV) power forecasting (both topics combined as “solar forecasting” for short) using text mining, which serves as the first part of a forthcoming series of text mining applications in solar forecasting.

### **History and trends in solar irradiance and PV power ...**

One of the strongest themes in the National Science Education Standards (NSES) (National Research Council 1996) and Benchmarks for Science Literacy (Benchmarks) (American Association for the Advancement of Science 1993) is that all children can learn science and that all children should have the opportunity to become scientifically literate.
