Polybius: The Rise of Rome to World Power (220-167 B.C.) [1] Had previous chroniclers neglected to speak in praise of History in general, it might perhaps have been necessary for me to recommend everyone to choose for study and welcome such treatises as the present, since men have no more ready corrective of conduct than knowledge of the past.

The colonial encirclement of the world is an integral component of European history from the Early Modern Period to the phase of decolonisation. Individual national and expansion histories referred to each other in varying degrees at different times but often also reinforced each other. Transfer processes within Europe and in the colonies show that not only genuine colonial powers such as ...
