Apparently, sounbareh acts as a thickener, flavoring agent, and meat substitute, and boasts a much higher nutritional value than stock cubes. According to a report from Slow Food and the U.N.'s Food and Agriculture Organization, one reason it's fallen out of favor is deforestation. Another is that in the marketplace, sounbareh now competes with Maggi.

After my candy melts are melted, I warm up my corn syrup for 15 seconds. Just to make it a little bit easier to pour out of the container. This also makes it easier to incorporate into the chocolate because if your corn syrup is really cold, it will make the chocolate it touches really harden faster than the rest of the chocolate so you'll get lumps.
