Retail is the process of selling consumer goods or services to customers through multiple channels of distribution to earn a profit. Retailers satisfy demand identified through a supply chain. The term "retailer" is typically applied where a service provider fills the small orders of a large number of individuals, who are end-users, rather than large orders of a small number of wholesale ...

George Ritzer (born October 14, 1940) is an American sociologist, professor, and author who studies globalization, metatheory, patterns of consumption, and modern and postmodern social theory. His most notable contribution to date is his concept of McDonaldization, which draws upon Max Weber's idea of rationalization through the lens of the fast food industry.

An important use of technology is its capacity to create new opportunities for curriculum and instruction by bringing real-world problems into the classroom for students to explore and solve; see Box 9.1. Technology can help to create an active environment in which students not only solve problems, but also find their own problems.
