The NRICH Project aims to enrich the mathematical experiences of all learners. To support this aim, members of the NRICH team work in a wide range of capacities, including providing professional development for teachers wishing to embed rich mathematical tasks into everyday classroom practice.

Addition and Subtraction : nrich.maths.org

An action verb can function as a transitive verb or an intransitive verb. Transitive verbs require a direct object, something or someone, to receive the action of the verb. When using transitive verbs, one answers the question “to what” or “to whom” For example, in the sentence “She paints the picture,” “paints” is the transitive verb and “picture” is the direct object.

Action Verbs List - Action Verb Practice

We’ve already practiced long division, but so far our answers have all come out even (in other words, our last subtraction problem ended in an answer of 0). However, sometimes our division problems will not come out evenly, and we will have another number (not 0) when we do the last subtraction problem.
