Wolves and dogs are interfertile, meaning they can breed and produce viable offspring. Some argue that, using a classical interpretation of the word species, this means that wolves and dogs are in fact the same species.. Wolves and dogs are indeed closely related — dogs descended from wolves, after all — and they display a great number of physiological and behavioral similarities.

It has been a while since I published a long article, and I have been working for many hours on this follow-up to the August article, Why I Am No Longer a Lightworker. That piece generated a lot of positive responses, as well as tremendous resistance and scorn from those within the New (c)Age movement who are heavily invested in the illusions of the false light.

Astral Plane. A silvery void that connects the Material and Inner Planes to the Outer Planes, the astral plane is the medium through which the souls of the departed travel to the afterlife. A traveler in the Astral Plane sees the plane as a vast empty void periodically dotted with tiny motes of physical reality calved off of the countless planes it overlaps.
