World history or Global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

The SQ3R method is a proven, step-by-step strategic approach to learning and studying from textbooks. Why is it successful? Because it helps you to discover the important facts and ideas that are contained in your textbook, and master and retain that information so that you are prepared for an examination.
