Gruber Public Finance And Policy

Public finance is the study of the role of the government in the economy. It is the branch of economics which assesses the government revenue and government expenditure of the public authorities and the adjustment of one or the other to achieve desirable effects and avoid undesirable ones.. The purview of public finance is considered [by whom?] to be threefold: governmental effects on (1 ...

Public finance - Wikipedia

In finance, diversification is the process of allocating capital in a way that reduces the exposure to any one particular asset or risk. A common path towards diversification is to reduce risk or volatility by investing in a variety of assets.If asset prices do not change in perfect synchrony, a diversified portfolio will have less variance than the weighted average variance of its constituent ...
