Elementary Differential Equations and Boundary Value Problems 11e, like its predecessors, is written from the viewpoint of the applied mathematician, whose interest in differential equations may sometimes be quite theoretical, sometimes intensely practical, and often somewhere in between. The authors have sought to combine a sound and accurate (but not abstract) exposition of the elementary ...

A virtual learning environment (VLE) is a system that creates an environment designed to facilitate teachers' management of educational courses for their students, especially a system using computer hardware and software, which involves distance learning. In North America, a virtual learning environment is often referred to as a "learning management system" (LMS).

### **History of virtual learning environments - Wikipedia**

The Haitian Educational System yields the lowest total rate in the education realm of the Western Hemisphere. Haiti's literacy rate of about 61% (64.3% for males and 57.3% for females) is below the 90% average literacy rate for Latin American and Caribbean countries. The country faces shortages in educational supplies and qualified teachers. The rural population is less educated than the urban.
