James "Jim" Corbett knows learning a concept in the classroom doesn't always translate into understanding it in the workplace. That's why the alumnus, who graduated with a bachelor's degree in business administration from the University of Kansas in 1980, worked to help launch a new speaker series in the KU School of Business that will bring top business executives into the classroom ...

Quality control (QC) is a process by which entities review the quality of all factors involved in production. ISO 9000 defines quality control as "A part of quality management focused on fulfilling quality requirements".. This approach places an emphasis on three aspects (enshrined in standards such as ISO 9001): Elements such as controls, job management, defined and well managed processes ...
