Why Sight Words? Sight Words (sometimes called the Dolch Word List) are some of the most frequently used words in the English language. Even though they number only about 200, Sight Words make up approximately 50 to 70 percent of any given general, non-technical text (you can verify it here). Therefore, teaching Sight Words as early as possible is considered a crucial part of elementary education.

Research has demonstrated that the most effective read-alouds are those where children are actively involved asking and answering questions and making predictions, rather than passively listening. This article describes in detail a technique for a three-step interactive read-aloud using sophisticated storybooks.
