Shadow Poetry - Poetry Types - Limerick

Strong verbs use the Germanic form of conjugation known as ablaut. In this form of conjugation, the stem of the word changes to indicate the tense. Verbs like this persist in modern English; for example sing, sang, sung is a strong verb, as are swim, swam, swum and choose, chose, chosen. The root portion of the word changes rather than its ending.

Old English grammar - Wikipedia

The introduction is the most important paragraph of your TOEFL essay. The introduction is the first paragraph of your essay, and it is important to make a good impression here.

Chemistry can be understood in the physics of 3 particles (proton, neutron and electron), and the influence of the electromagnetic force.

Standard Model of Particle Physics - Stanford University

1 Introduction. The Unicode Standard prescribes a memory representation order known as logical order. When text is presented in horizontal lines, most scripts display characters from left to right. However, there are several scripts (such as Arabic or Hebrew) where the natural ordering of horizontal text in display is from right to left.

UAX #9: Unicode Bidirectional Algorithm

In order to create a candlestick chart, you must have a data set that contains open, high, low and close values for each time period you want to display. The hollow or filled portion of the candlestick is called "the body" (also referred to as "the real body").
