Our Community's Innovation Lab is where we seed ideas to do old things better or new things first.. Our founding aim in 2000 was to build stronger communities through stronger community organisations. We have done this by creating useful online tools and capacity building education and training at a price even the smallest not-for-profit groups can afford.

Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.
