The Peter principle is a concept in management developed by Laurence J. Peter, which observes that people in a hierarchy tend to rise to their "level of incompetence". In other words, an employee is promoted based on their success in previous jobs until they reach a level at which they are no longer competent, as skills in one job do not necessarily translate to another.

Of course, it was not only journalists who raised questions about American society. One of the most popular novels of the nineteenth century, Edward Bellamy's 1888 Looking Backward, was a national sensation. In it, a man falls asleep in Boston in 1887 and awakens in 2000 to find society radically altered.
