Hazardous waste materials are just that: hazardous. Not only can they be dangerous for you and your health, they are dangerous to the environment too, and should never go into your community's regular trash.

Household Hazardous Waste Disposal | Waste Management

To dispose of hazardous waste, start by keeping the waste separate from your regular trash. Then, check online to see if there is a community hazardous-waste pickup system you can use to have the waste picked up from your home. If there's not, look up a local drop-off facility and bring your hazardous waste there. You may even be able to find a local program that will recycle some of your ...

3 Ways to Dispose of Hazardous Waste - wikiHow

The hazardous waste management program uses the term solid waste to denote something that is a waste. EPA developed hazardous waste regulations that define in more detail what materials are solid waste for the purposes of RCRA Subtitle C (hazardous waste) regulation. Simply defined, a hazardous ...
