BEST ANSWER: Yes, but it will be a little complicated. You'll likely need to remove the door "stops" from the middle of the door jamb, and also add additional trim to the edges of the book case once it is in place as there will be a wide gap (the deeper the bookshelf the wider the gap) between the edge of the bookshelf and the existing door jamb.

By Bruce W. Maki, Editor Question: What's the first thing to do after you discover that your fuel oil furnace has conked out? Answer: Start remodeling the basement, the basement stairwell, and anything between the furnace and the back door. At least that was our approach when the old oil-burning monster died. We had been contemplating switching to propane, and this forced the decision.
