As an African born in America, I feel that some of these packs could be more inclusive with other cultures and races. Children of today need to really understand that this world consists of many cultures that have contributed greatly to society, and leaving out these facts can and will cause great harm (mentally, spiritually, and emotionally).

FORCES . A force is any push or pull that causes an object to move, stop, or change speed or direction.; The greater the force, the greater the change in motion will be. The more massive an object, the less effect a given force will have on the object.; Unless acted on by a force, objects in motion tend to stay in motion and objects at rest remain at rest.
