World War I (often abbreviated as WWI or WW1), also known as the First World War or the Great War, was a global war originating in Europe that lasted from 28 July 1914 to 11 November 1918. Contemporaneously described as "the war to end all wars", it led to the mobilisation of more than 70 million military personnel, including 60 million Europeans, making it one of the largest wars in history.

World War I - Wikipedia

The concept of health in ecology generally refers to habitats, whether managed or pristine, that are characterised by system integrity and exhibit properties of a self-organising, complex systems (Rapport and Whitford, 1992). The concept of ecosystem health has been variously defined and the definitions have been closely allied with the concepts of stress ecology (Barrett and Rosenberg, 1981 ...
