Healthcare Auditing Services | Healthicity

If it isn't recorded, it hasn't happened. This is a useful maxim for all healthcare practitioners. This article aims to provide information on documentation and recording, to understand why records are kept, the standard to which records should be kept and some of the legal issues relating to record-keeping for nurses in the general practice setting.

A guide to case notes and record-keeping | Nursing in Practice

According to LGA research, the UK could save £1 billion a year through better integration of health and social care services. With the number of people in England aged 65 and over set to increase by 45% over the next twenty years, and an estimated further £60 billion a year needed for the health and social care system by 2030, Health and Social Care is under more pressure than ever before.
