It's time to set the record straight: Religion is not opposed to science! Of course, some religions are in conflict with some scientific findings. But not Catholic Christianity. In Catholicism, there is a

longstanding tradition of science and religion operating in unison, lifting humanity toward the truth like the two wings of a bird.

The relationship between the Catholic Church and science is a widely debated subject. Historically, the Catholic Church has often been a patron of sciences. It has been prolific in the foundation of schools, universities and hospitals, and many clergy have been active in the sciences. Historians of science such as Pierre Duhem credit medieval Catholic mathematicians and philosophers such as ...

Catholic Church and science - Wikipedia

One of the greatest scientific feats of our era is the astonishing progress made in understanding the intricate machinery of life. We are living in the most productive phase so far in this quest, as researchers delve ever deeper into the workings of living systems, turning their discoveries into new medical treatments, improved methods of growing food, and innovative new products.
