### **Simplifying Algebraic Expressions Worksheets Tes ...**

This is a very basic sheet on zero and negative indices with solutions included. With the focus on mastery of topics in the new syllabus, even with my middle ability year 8, I showed them, slowly why a zero power is always equal to 1 by first getting them to come up with divisions that would give  $x^0$  as the simplification.

Below are a number of worksheets covering elementary algebra problems. Elementary Algebra is about manipulating mathematical expressions, with quantities represented by symbols e.g x, y or z. Using symbols instead of numbers makes it possible for work in a general rather than a specific way, and it allows us to manipulate and rewrite the relationships between quantities in different ways.
