Please review the FAQs and contact us if you find a problem. Credits: 1 Prerequisite: Algebra 1, High School Biology Recommended: 11th Test Prep: CLEP This course covers the basic material for a high school chemistry course. The CLEP covers two years worth of material. Those wishing to take the CLEP will have to do...

Chemistry with Lab - Easy Peasy All-in-One High School

Level Flight at Cl=x.xx - This appears only on the in-flight analysis, and only if the wing area and airframe weight were specified. It indicates the speed at which the aircraft will neither gain nor lose altitude with the throttle set appropriately (this will be indicated as a percentage in the Stats section at the top of the window), and the control surfaces at neutral.
