coding style - Using true and false in C - Stack Overflow
In your example the if statement will always be false, because your function returns true or false, it will NEVER return 'false'. Remove the single quotes from your code that are around 'false' and it will work.

How to check the function's return value if true or false
True friends are hard to find. They stick closer than family, and often know you better. They pray bigger things for you than you pray for yourself.

True Friends Are Hard to Find | Desiring God
A false accusation of rape is the reporting of a rape where no rape has occurred. It is difficult to assess the true prevalence of false rape allegations, but it is generally agreed that, for about 2% to 10% of rape allegations made to police or campus authority, a thorough investigation establishes that no crime was committed or attempted.
